

Dominion Sure Seal

Low Cost, High Performance, Hi Solid Sealants!

www.dominionsureseal.com

Sure Seal Seam & Joint Sealer - The cured sealant exhibits outstanding physical properties including excellent adhesion to painted and non painted metal, rubber and glass. Dominion Sure Seal Sealers are also non staining. They possess rubber-like characteristics and can be compressed or extended. Used for all automotive sealing and adhesive applications. Dominion Sure Seal Sealers are of a non-sag consistency for application with a standard caulking gun in vertical and horizontal joints.

#CSW-9002 - White Seam Sealer, Cartridge, 10.6oz

#CSB-9003 - Black Seam Sealer, Cartridge, 10.6oz

#CSG-9004 - Gray Seam Sealer, Cartridge, 10.6oz

Brushable Seam Sealer - A 100% rubberized seam & joint sealer for bare and primed metals. Excellent adhesion and is ideal for all lap and flange seams and joints. Permanently flexible. Will not crack and also holds a perfect brush mark to match that O.E.M. seam. Will adhere wet or dry and will not sink or sag. Paintable in 20 minutes. Available in a light grey color only.

#PBGQ-500001 - Brushable Seam Sealer, Quart, 6/cs
