Norton SG Blaze Discs

Norton's Speed-Lok TR Discs get into hard-to-reach areas for the toughest jobs. The easy twist on, twist off system allows for quick disc changing that result in less downtime. The self-sharpening design is ideal for high pressure, heavy metal removal applications. Available in 2" and 3" TR in 80, 60, 50 and 36 grits.

Features

- Premium seeded-gel and zirconia alumina grain
- Grinding aid coating
- Heavy duty backing

Benefits

- Aggressive cut
- Self-sharpening for consistent cut and long life
- Minimal loading
- Long life
- Burn free grinding of heat sensitive materials
- Reduced edge wear
